POWER TOOLS

IMPACT DRILL

- Drilling diameter - 13mm, 600W, 3,000 rpm.
- Longer usage ensured by improved carbon brush and high-quality design.

ANGLE GRINDER

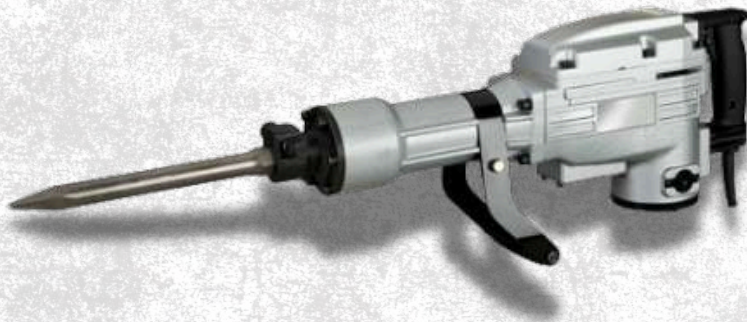

- Disc diameter - 100mm, 670W, 11,000 rpm.
- Good handling due to ergonomically adapted housing.
- Spindle lock for easy disc change.

MARBLE / WOOD CUTTER

- Disc diameter - 125mm, 1450W, 12,000 rpm.
- Precise cutting due to low vibration of tool and disc that allows easy control.
- Powerful for fast cutting wood, marble & tile.

POWER TOOLS

DEMOLITION HAMMER

- Impact rate - 1,900 to 1,950 bpm.
- Brushless motor for a longer lifetime through spark-free operation.
- Auto-Gear-Rotation technology for an extended gear runtime.

LINE LASER

- Working range with receiver - 120 m.
- Up to four times better visibility due to the green laser lines.
- Bluetooth® connection to your smartphone for remote control use.

CUT OFF SAW

- Cutting disc diameter - 355mm, 2200W, 3,800 rpm.
- Improved motor design to make tough cutting easier.
- Improved gearing system increases longevity.

POWER TOOLS

ROTARY HAMMER

- Designed for rigorous concrete application in construction industry.
- 600 W powerful motor
- SDS quick change tool holder.

CORDLESS IMPACT DRILL

- Battery voltage - 18.0 V, 27,000 bmp.
- Motor had changeable carbon brushes for easy maintenance & serviceability.
- Designed with robust housing & battery protection cell.

CONCRETE CORE CUTTER

- Core Drill for highest power in it's class.
- Overload safety device & switch application.
- Power Input - 2400 W.

SAFETY EQUIPMENT

SAFETY HELMET

- Ultravent, HDPE (High Density Polyethylene) helmet combines advanced safety and superior comfort, making it ideal for various demanding environments.

SAFETY SHOES

- Design & Features: Derby style with antistatic electrical properties, microfiber upper, nylon round lace, available in black/brown with 4 metal round eyelets, perforated EVA insock, and sizes 5 to 12.

SAFETY GOGGLES

- Polycarbonate temple with polycarbonate lens.
- Incredibly light, resilient & durable protective eyewear for all day wear. The fashionable design resembles spectacle, suitable for both men and women.

SAFETY EQUIPMENT

COTTON HAND GLOVES

- 7 gauge blue liner with single side Blue Dotted gloves. Weight – 45 grms per pair.
- For all types of general use, material handling, high dexterity.

CUT RESISTANT GLOVES

- 13 gauge liner for a perfect fit, Seamless knitted liner for ultimate comfort and higher flexibility.
- Ideal for auto repair, construction and other sectors .Low linting construction for minimal contamination.

SAFETY JACKETS

- Material: Mesh polyester or plain polyester.
- Reflective tape: High gloss white or yellow Glass bead grey tape OR 3M Tape.

SAFETY EQUIPMENT

DISPOSABLE FACE MASK

- Unique fit adjuster beads present on the headband can be used to fit the user's face profile.
- Fold Flat design to store when not in use.
- Anti - clogging to use in multiple shift.

SAFETY HARNESS

- Protecting workers from fatal accident like falling to ground from a certain height.
- Distributes wearers weight evenly.
- Attached with double high strength light weight Energy Absorbing lanyard with scaffolding hook.

GUM BOOTS

- Double density PVC.
- Protects your toes with a layering Steel Toe.
- Sizes - 5 to 12.

SAFETY EQUIPMENT

RUBBER HAND GLOVES

- Triple dipped PVC Gloves.
- Palm thickness 1.7mm with interlock liner.
- Heavy-duty PVC coated cotton interlock liner gloves.

FACE MASK

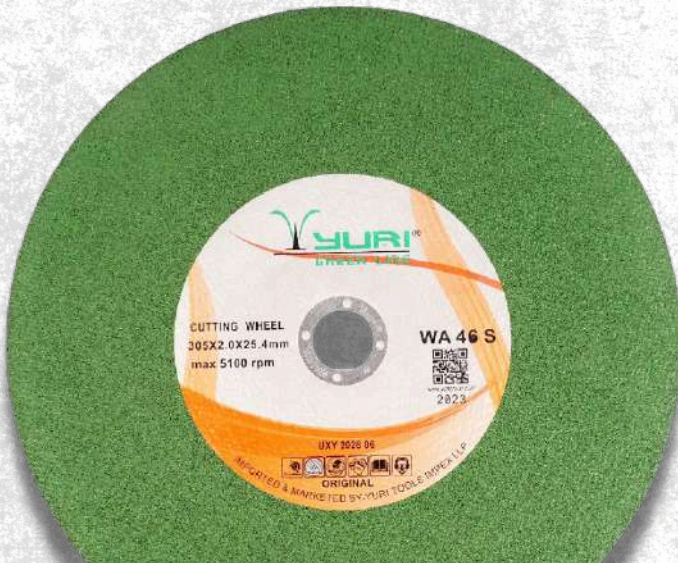

- Material: Made of silicone for superior comfort and flexibility.
- Conforms comfortably to the contours of the face, ensuring a secure fit while being soft and gentle on the skin to reduce irritation and discomfort during prolonged wear.

WELDING FACE SHIELD

- Flip type front window with clear and DIN glass, extend fully to cover a wearer's face. Fits over the spectacles.

CUTTING TOOLS

METAL CUTTING WHEEL

- Long Life cutting metal.
- Does not shatter, no chemical smell.
- Advanced steel body keeps constant speed and depth.
- Available sizes - 107mm, 125mm, 180mm, 305mm, 355mm, 400mm.

GRINDING WHEEL

- Perfect for metalworking tasks, such as grinding, shaping, and deburring, across a wide range of metal materials.
- Excel at efficient material removal, making them ideal for tasks that demand speed and productivity.
- Available sizes - 100mm, 125mm, 180mm.

WOOD CUTTING BLADE

- TCT Blades are used for wood cutting applications. These blades are having Tungsten Carbide teeth to stay sharp for longer period of time with minimal burr production & lesser sparks.
- Available sizes - 4"X40T & 5"X40T.

CUTTING TOOLS

VELCRO SAND PAPER

- These discs offer a precise and secure hook-and-loop attachment system, ensuring stability during use and reducing the likelihood of slippage.
- Available sizes - 125mm with 36 grit to 4000 grit.

FLAP WHEEL

- Ideal for metalworking tasks, including weld grinding, deburring, rust removal & precise surface preparation.
- Excel in shaping, smoothing and fine finishing of wooden surfaces, ensuring precision and quality.
- Available sizes - 100mm, 125mm, 180mm.

DIAMOND CUP BLADE

- They are essential tools for masons and builders working with bricks, blocks and stone materials.
- Available sizes - 80mm & 100mm.

CUTTING TOOLS

TURBO DIAMOND CUTTING WHEEL

- Matrix shape developed for universal cuts with a near-perfect finish for all visible cutting edges.
- With 22.23 mm bore for standard locking nut angle grinders.
- Available sizes - 125mm.

TWISTED CUP WHEEL

- Designed for Heavy-duty Brushing on Large Surfaces.
- Ideal for Deburring, Cleaning, and Rust Removal.
- Available sizes - 75mm & 10mm.

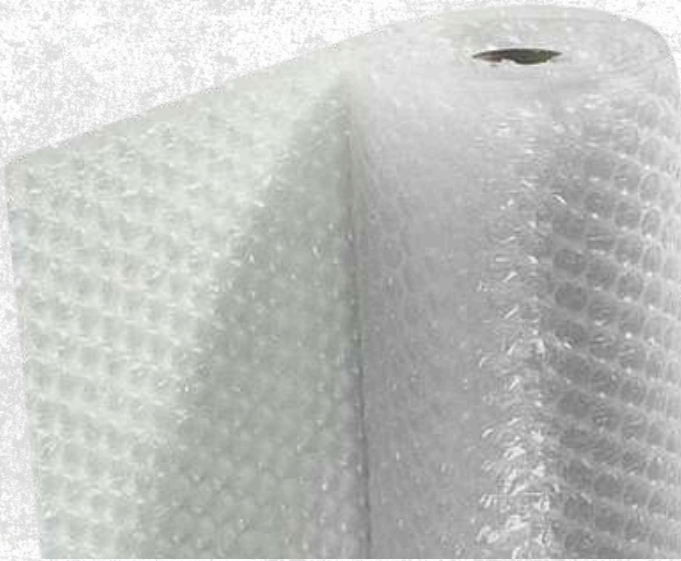

DIAMOND CUTTING BLADE

- Laser-welded diamond cutting segments (12-mm height) provide robustness when cutting.
- Optimized diamond matrix provides long life.
- Available sizes - 105mm.

PACKING MATERIALS

BUBBLE WRAP

- Industrial Bubble Wrap for protecting your valued & fragile items.
- Available in all sizes.

STRETCH FILM

- Ideal for packing your materials to protect from water and dust.
- Industrial high quality.
- Available sizes - 12", 18", 24", 48"

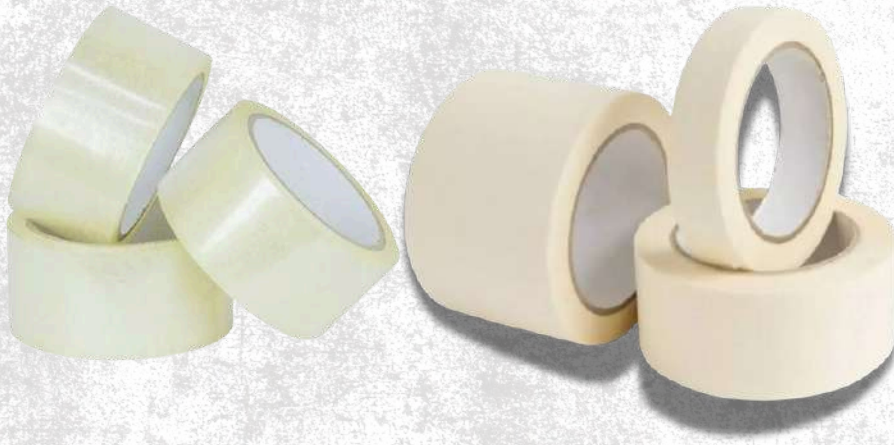

CORRUGATED SHEETS

- It has three fiberboard layers, offering increased durability, protection, and versatility.
- Available in all sizes.

ADHESIVES

MASKING & CLEAR TAPES

- Masking, Clear and Double Sided Tapes for protecting paint to & help you pack your material in the boxes.
- Available in all sizes.

FEVICOL

- It is a high strength adhesive used for bonding wood, plywood, particle board, hard board, laminates, plastic, pearls, glass, stones, veneers & medium density fiberboard.
- Available for all your uses.

SILICONES

- Siliones that offers long term durability in a range of general sealing or glazing applications on glass, aluminum, painted surfaces, ceramics, fiberglass and non-oily wood.
- Available for all your uses.

HAND TOOLS

C - CLAMP

- Body hot drop forged from high grade steel.
- Ideal for heavy duty application.
- Available sizes (in mm) - 200, 260, 330, 440, 565.

F - CLAMP

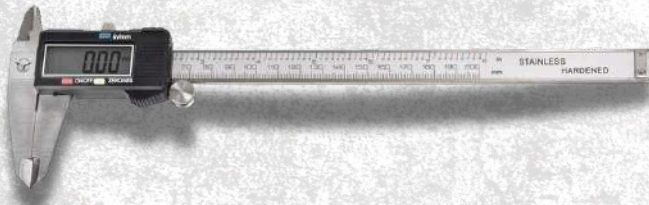

- Made from high grade chrome vanadium steel.
- Fixed bracket and pressure plate are produced from a single piece which gives maximum strength.
- Available sizes (in mm) - 270, 320, 390, 490, 590, 690.

SS / MS SCREWS

- From sheet metal screw to self drilling screws to dry wall screws to wood screws, all types are available.
- Available in all sizes.

MEASURING TOOLS

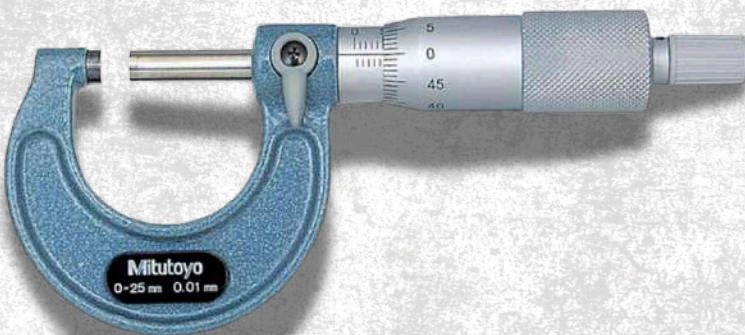

DIGITAL VERNIER CALIPER

- 4-function measurement: Internal, external, depth and step.
- Adjustable bezel with locking device, stainless, hardened steel beam.
- Available sizes - 150mm, 200mm, 300mm.

SPIRIT LEVEL

- 180°, 90° and 45° High Visibility, Shock Resistant, Block Vials facilitate easy reading of measurements.
- Heavy Duty Aluminium Body stands up to the toughest jobsite demands.
- Available sizes (in inches) - 4, 12, 24, 36, 40, 48, 60, 70.

MICROMETER

- Ratchet-stop mechanism helps provide uniform pressure for precise, repeatable measurements.
- Baked enamel finish for protection and durability of frame.
- Available sizes - 0mm to 1000 mm.

DRILLING TOOLS

HSS DRILL BITS

- Easily drills through hard metals such as stainless steel, cast iron, wood, marble and wall.
- Faster cutting due to greater flute length. Durable, lasts longer.
- Available in all sizes.

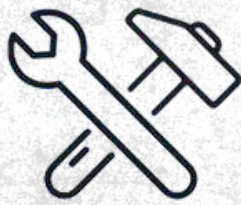

WOOD DRILL BITS

- High Speed drilling in wood.
- Fast drilling is easier with Bosch Tip Technology.
- Self-feeding thread for high-speed drilling with only a little pressure.
- Available in all sizes.

HAMMER BITS

- It is equipped with a 2-cutter head and delivers long lifetime in concrete.
- Durability is further secured via the bit's highly durable carbide, which resists wear.
- Available in all sizes

RAJ HARDWARE

Tools For The Professional

RAJ HARDWARE HAS BEEN SERVING THE INDUSTRY SINCE 2000, BUILT ON THE VISION OF MR. ONALI MORBIWALA, WHO BROUGHT WITH HIM OVER 17 YEARS OF EXPERIENCE FROM DUBAI'S TOOLS INDUSTRY. FOR THE PAST 25 YEARS, WE HAVE BEEN A TRUSTED PARTNER FOR BUSINESSES ACROSS INDIA & DUBAI, SUPPLYING POWER TOOLS, INDUSTRIAL TOOLS, PACKING MATERIALS & SAFETY EQUIPMENT.
